

Wednesday 1st April

Good morning everyone. How are you all today? Can you believe we are already into April? Where does the time go? Don't forget, if you find any work a bit tricky, let me know or have a look at Year 2.

Maths

We are continuing with money today. Remember to have a go with the flashback 4 and spend some time on times tables rockstars too.

Flashback 4

Have your grown-ups been shopping? Do they still have their receipts? Try some or all of these questions.

Choose some items from the receipts. Can you find different ways to make that amount?

Can you add different items together?

How many items can you buy if you have £1.00?

How many items can you buy if you have £5.00?

How many items can you buy if you have £10.00?

Do your items come to £1.00, £5.00 or £10.00 or will you have change?

English

We have met The Iron Man and Hogarth in chapters 1-3. Can you describe what the characters look like round the picture, then lift the flap and describe what the character is like on the inside?

You can either draw the characters or use the pictures I have added.

This is an example of what you can do.

Write adjectives or similes to describe what the character looks like round the picture, then lift the flap and describe what the character is like on the inside. What kind of person are they?

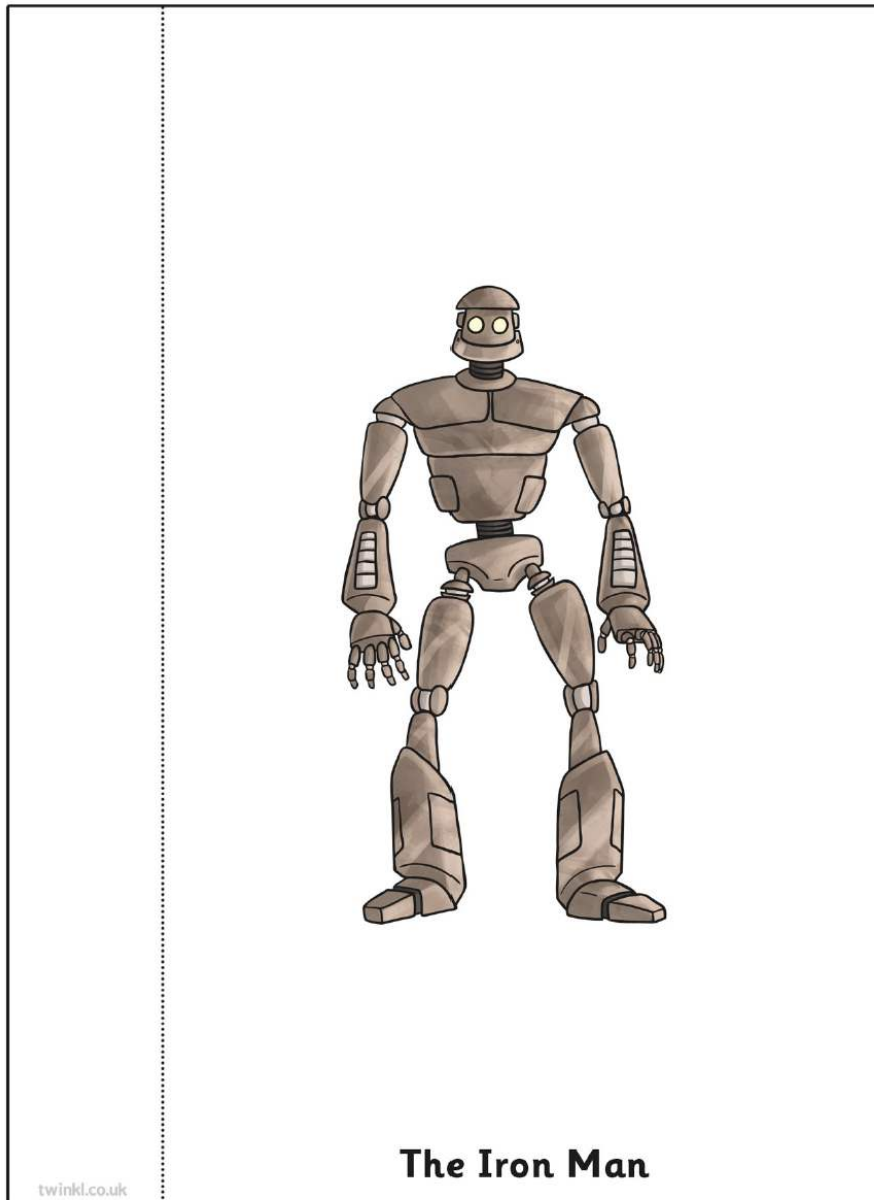

Hogarth

Glue this tab into your school book.

Don't forget to read too.

Remember to do some active time today. Send in photos of what you are doing to keep active.

When school closed we were coming to the end of our Ancient Egyptians topic. Perhaps you would like to do your own mini Ancient Egyptian topic at home. This could be about one area of Ancient Egypt e.g. Egyptian Gods or a few. How much you do and how creative you are is up to you. Hopefully if we are back to school soon, we can have a celebration of work we have completed at home.
